TOTAL CREDITS = 128

\* - **A C or better is required in the courses marked “ \* ” and a passing grade in ECE 292 are required before upper division electrical engineering courses may be taken.**

+ - Math 143 may be required prior to taking 170 depending on standardized test or math placement test scores. However, Math 143 is not part of the electrical engineering curriculum. The entire math sequence may be moved up one semester if Math 143 is not taken.

HS - Humanities and Social Sciences. Satisfy two conditions: (1) AmSt 301 or Phil 103 and (2) Econ 201 or 202 or 272.

INT- One approved international course (The list of approved courses is found in the UI catalog).

TE - Technical Electives. Eighteen credits required and satisfy three conditions: (1) Nine credits (minimum) from the following ECE courses: 410, 420 (S), 430 (every third semester), 440 (S), 450 (F) & 460 (F). (2) Three credits (minimum) from upper-division ECE courses, (3) The remaining six credits from upper-division ECE, and approved Engineering, Math, Physics, and Computer Science courses.

ES - Upper division Engineering Science Elective, a minimum of three credits required. Engineering Science Elective credits may be obtained from the following courses: Engr 320, Engr 335, Engr 350, and CE 402.

FE – Free Elective

Students majoring in Electrical Engineering who accumulate grades of D's and F's in mathematics, science, or engineering courses that are used to satisfy graduation requirements, including repeats and transfer courses will be required to undergo special advising as per department bylaws.

Cooperative educational experiences are available through the university Cooperative Education Office and the department co-op coordinator to give the students industrial experience in their chosen field. Academic credit for co-op participation may be earned but may not be used as part of the program of study.

Courses offered only during a semester are identified above with a letter in parentheses by the course number: “F” refers to fall only courses and “S” to spring only courses.
